Moving Students

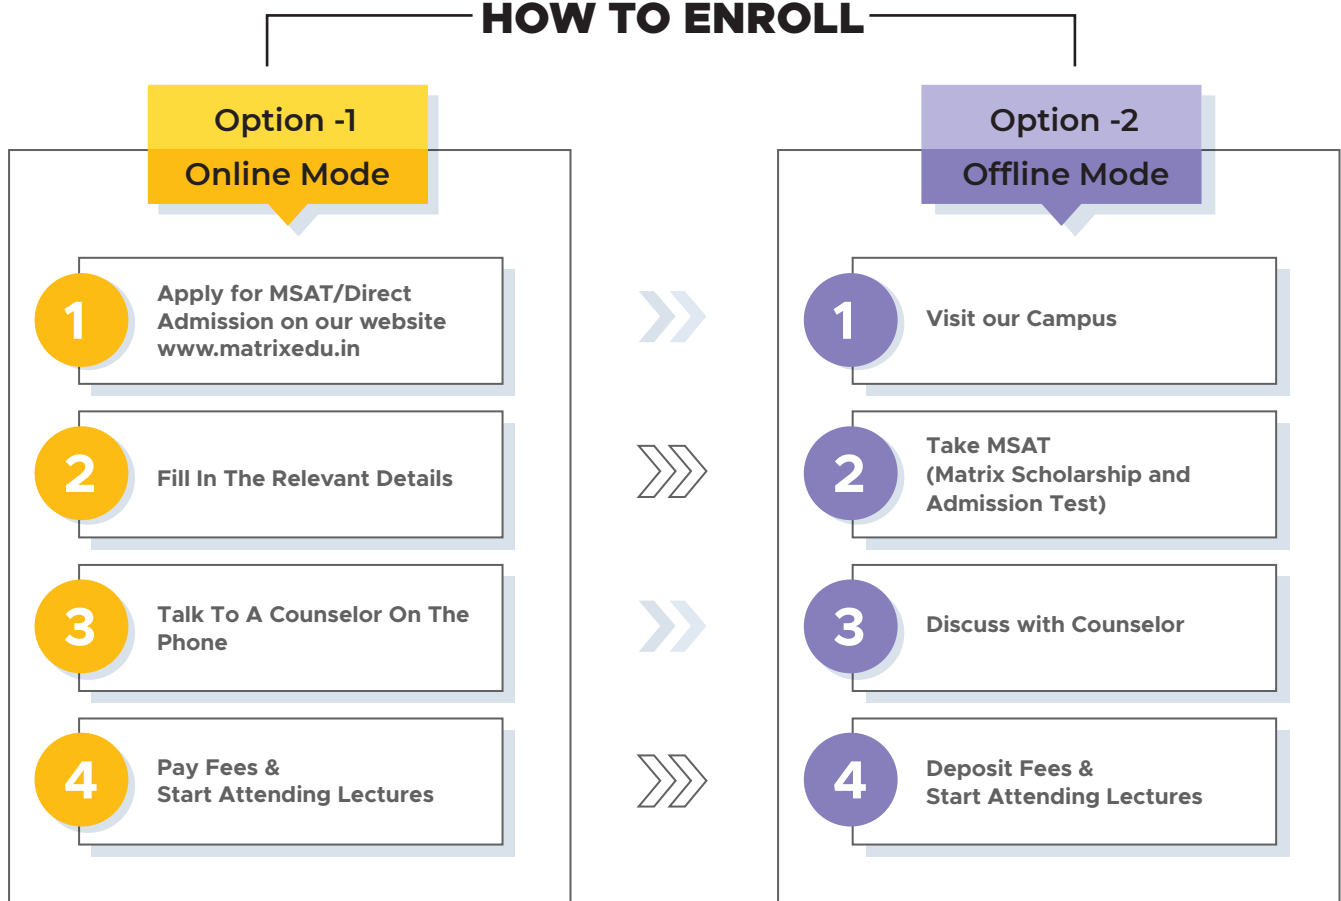

COURSE SUMMARY

MOMENTUM : 2-Year Integrated Foundation Program For NEET for 10th to 11th Moving Students

*Scholarship Based on Class X Board Marks, MTSE, MSAT, Olympiads Performance

HOW TO ENROLL

DETAILED DESCRIPTION

Concept

This is an extensive course designed for NEET preparation after completing class 10th. In this course, students will receive thorough preparation for School/Board Exams and NEET UG.

The course is taught with the assumption that students have a basic understanding of Physics, Chemistry, and Biology up to class 10th. However, if a student is found to be struggling with basics, remedial classes can be arranged to quickly cover any deficits in their understanding.

DESCRIPTION

The course is divided into two years (sessions).

Session-1: First Year (During Class 11th)

- Students will be taught 11th class syllabus, considering both competitive exams and school perspectives.
- The syllabus for class 11th is scheduled to be completed by mid-January.
- After that, students are free to attend revision classes based on their individual requirements.
- Throughout this entire period, faculty members will be available for individual doubt removal and other academic support according to the students' needs.

Session-2: Second Year (During Class 12th)

- The 12th class syllabus, considering both competitive exams and board requirements, will be completed by the end of September.

- Finish revising the Class 11th syllabus and prepare for the 12th board exams by the end of December.

- After this, we conduct revision classes, revision test series, major test series, and Problem-Solving Counters for students until the final examination. This is part of our School Preparation.

- The syllabus for board exams (separately for CBSE & RBSE) will also be covered to ensure excellent performance. Our goal is for students to achieve a higher percentage in the 12th class compared to the 10th class.

- Classes for additional subjects such as English, Hindi, and Physical Education are also held for school/board examinations.

KEY BENEFITS

- Two NEET Cups and one NEET Cup Test Series: A special test series for NEET aspirants for overall revision after completing the 12th class syllabus.

- Rank Booster Question Bank for NEET: A vast collection of questions for NEET preparation based on previous online NEET exams.

- Achievers Question Bank: A pool of unique questions for NEET preparation.

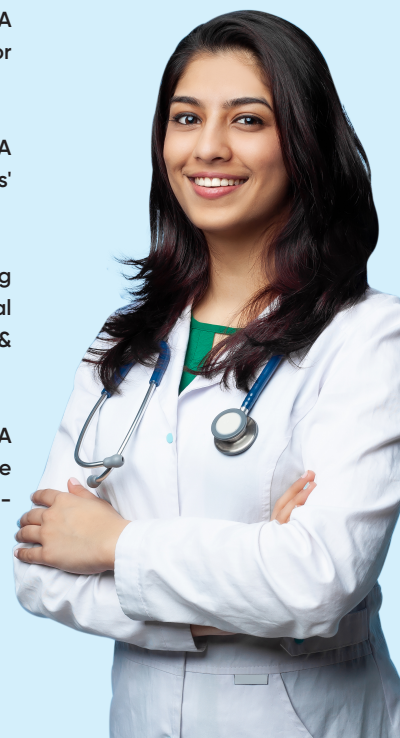

- Access to NEET Archive: A collection of previous years' questions for NEET.

- Aptitude & Logical Reasoning Question Bank: A set of mental ability questions for KVPY & Olympiads aspirants.

- Pre-RMO Question Bank: A collection of exclusive questions for HBCSE Olympiads aspirants.

- Access to Model Test Papers, Home Assignments & Online Test Series for preparation of KVPY & HBCSE Olympiads.

- MATLAB Lab Facility: Access to a library of video lectures from top MATRIX faculties for doubt clearance, missed-out lectures, and/or repeating lectures.
