MESSAGE FROM THE FOUNDING TEAM

From left to right : 1. Anil Gora (B.Tech IIT Kharagpur, 99.98%tile (overall) & 100%tile in Maths in CAT 2008) 2. Narendra Kok (B.Tech IIT Kharagpur) 3. Anupam Agrawal (B.Tech IIT Kanpur) 4. Rajendra Burdak (B.Tech SIST University) 5. Kapil Singh Dhaka (B.Tech IIT Kharagpur, MBA IIM Ahmedabad, All India Rank 19 in General category, IIT-JEE Scr. 2004, 99.96%tile in CAT 2009)

Dear students & parents,

8 years back, Matrix was started with a vision to provide such quality education to students in Sikar so that, nobody would ever need to move to places like Kota & Delhi for JEE coaching. We just wanted to create a system which people can trust so that students don't need to move to far off places in search of good education.

When we started Matrix in 2014, Kota was the preferred choice for JEE/NEET coaching among the aspirants of north Rajasthan and Haryana. Very few students used to stay back in Sikar for JEE coaching.

With Matrix, we had hoped to change the scenario and fulfil our promises made to each and every student. Success of Matrix JEE Academy for JEE coaching over the last 8 years is a remarkable example to highlight the below quote-

“When you have the right aptitude and work towards achieving your dream with utmost passion, dedication and sincerity; success is given.”

The Pre-foundation program was started in 2019 and has already become the de-facto No-1 pre-foundation and schooling program in Sikar with consistently highest results in NTSE, STSE, Junior Olympiads, NMTC and other competitive examinations.

With the start of NEET from 2022 session, we are putting unparalleled efforts in NEET division. We believe we already have one of the best possible faculty team for NEET, not only in Sikar but in entire Rajasthan. And, we are sure that we would give the kind of care to our students that is unheard of in Sikar. At MATRIX, we have already made a mark of ourselves with the best possible results in everything we do. To cite some examples- Matrix has been able to successfully change the discourse of JEE coaching in Sikar. We have set new standards

in terms of methodology of teaching and faculty quality. Our stupendous growth in last 8 years is a testament to our quality and changing belief of students and teachers. For students in North Rajasthan, moving to bigger cities in search of better education has become a thing of the past. Hundreds of students from bigger cities like Jaipur, Delhi and Mumbai have started preferring Matrix for JEE coaching each year. Though we started with just 5 teachers in 2014, as of March 2023, we have 200+ IITians, NITians and graduates from other top universities as part of our full-time faculty team for JEE, NEET & Pre-foundation division. Our last year results, where 1120 students qualified for JEE main and 434 students qualified JEE advanced, are yet another proof of our excellence. We are very proud of the fact that we have Matrix alumnus in all the top departments at top IITs (eg. Computer Science departments at IIT Bombay, IIT Delhi, IIT Kanpur, IIT Kharagpur) and they are doing very well there.

We have very strong reasons to believe that quality of faculty and overall learning experience at Matrix are simply incomparable. And hence, if booking a seat at one of the top IITs is your wards' dream, then be assured that with us, they are in safe and able hands.

Through our results, hard work, honesty and transparency, we have earned the trust of students, parents and communities alike. But, despite all these achievements, we also understand that success is always relative.

Today we have bigger dreams in front of us. We promise to continuously work hard and better our own results every passing year and set even higher standards for the years to come.

Introduction to Founding Team at Matrix

ANIL GORA

B.Tech, IIT Kharagpur
Exp. – 14 Years

“I will not stop before I see 1000+ students getting admissions in IITs from Sikar.” – This is what AG Sir had to say when asked about his consistent motivation for hard work, dedication and sincerity.

Nothing less than an experienced Master of Mathematics, Mr. Anil Gora (AG Sir) is known and respected amongst the student as well as faculty fraternities for his Mathematical prowess. He regularly inspires students to overcome their mental blocks towards Mathematics and simplifies the subject to an extent that it often becomes the student's favourite subject.

Teaching is his passion and he has more than 14 years of experience training and teaching students for excelling at Mathematics in JEE Advanced. Over the years, more than 5000 of his students have secured admissions at top IITs and NITs. Before cofounding MATRIX in 2014, he was a senior Mathematics faculty at Kota for 5 years.

AG sir comes with remarkable academic background. He is a B.Tech from IIT Kharagpur. He has proved his brilliance through securing top-100 ranks at all India level multiple times. He has secured 99.9%tile twice at all India level in Common Admission Test (CAT).

At MATRIX, AG Sir ensures that each and every student has best-in-class experience while learning Mathematics for JEE.

Introduction to Founding Team at Matrix

Narendra Kok

B.Tech, IIT Kharagpur
Exp. – 13 years

Narendra Kok (NK Sir) has over 13 years of teaching experience exclusively for JEE Main and Advanced. With a strong passion towards teaching in his heart, he started his career right after graduation in Kota and later moved to Sikar and cofounded MATRIX in 2014.

Over the course of last 13 years, he has developed a deep expertise in Chemistry from IIT-JEE point of view. Most students know him as a teacher who actively discourages rote learning and focuses on fundamental understanding of basic concepts. As a result, he is extremely popular among students who want to develop a solid understanding of subject rather than just aiming to pass the exams by rote learning/short-tricks. During last four years, NK Sir has stood as a pillar of Chemistry not only in MATRIX but in the larger educational hub Sikar, and has helped 1000s of students improve and hone their skills in Chemistry.

NK Sir has made it a mission to ensure that MATRIX students have best possible experience while learning Chemistry.

Introduction to Founding Team at Matrix

Rajendra Burdak

B.Tech, SIST Chennai
Exp. – 14 years

One of the cofounders at MATRIX, Rajendra Burdak has over 14 years of teaching experience for IIT-JEE. Rajendra is one of the most senior faculties at MATRIX across all subjects and is greatly respected for his maturity by teachers and students alike.

Before co-founding MATRIX he taught Mathematics for IIT-JEE & AIEEE at some of the well-known institutes in the country. He is very warmly received among students due to his simple approach to complex problems. He has made it a mission to ensure that no deserving student is left behind because of lack of right guidance & education.

Introduction to Founding Team at Matrix

Anupam Agrawal

B.Tech, IIT Kanpur
Exp. – 13 years

A B.Tech in Mechanical Engineering from IIT Kanpur, Anupam Agrawal (AA Sir) is a force to reckon with in IIT JEE Physics. After graduating from IIT Kanpur, he briefly worked as a data scientist with Mu Sigma in Data Analytics field in Bangalore. But soon realised that his real passion lies in teaching. AA Sir taught extensively at Kota for IIT JEE before coming to Sikar permanently when MATRIX was started in 2014.

AA Sir has been guiding students to excel in IIT JEE Physics in Sikar during last 6 years and has already left an indelible mark in the larger Physics community in Sikar. He has been widely regarded by students as an exceptional teacher with a very strong focus on concept building approach for excellence in JEE Physics.

At MATRIX, AA Sir is spearheading the efforts to impart quality Physics education to each student.

Introduction to Founding Team at Matrix

Kapil Singh Dhaka

B.Tech, IIT Kharagpur

MBA, IIM Ahmedabad

Exp. – 12 years

One of the best mentors to help students realize their potential in competitive exams.

Kapil Singh Dhaka (KSD Sir) joined MATRIX as a full-time member to help our students in their journey for top ranks in JEE in 2017. Before joining MATRIX, he has worked with top-tier strategy consulting firms such as BCG and Mastercard for more than 5 years across more than 10 countries.

KSD Sir, himself was a remarkable student at some point of time. Below is a list of some of his key achievements:

- IIT JEE 2004 – AIR 19 (Gen. Category) • AIEEE 2004 – AIR 48 (Gen. Category) • CAT 2009 – 99.96%tile (Overall) • IIM Ahmedabad – Rank - 1 in MBA core curriculum programme • CFA charter holder, CFA institute, USA

He is a passionate mentor with extensive experience of helping students reach IITs, Olympiads, NEET with top ranks along with stellar performance in board exams. We hope that entire MATRIX community would benefit from his academic expertise with a global outlook.

About IITs & JEE

A brief introduction of IITs and JEE and why they matter ?

About IITs

The Indian Institutes of Technology (IITs) are institutions of national importance. These institutes play a leading role in technological manpower development and have excellent research programmes. All these institutions are known for providing quality education in science and technology and for research in frontier areas.

Today, alumni of these institutions occupy key positions in industry and academia in India and abroad.

Over last 60 years, IITs have made the country proud by producing thousands of successful alumni who have received accolades from all walks of life. Many IITians have gone to become the CEOs of large multinational companies. Many other have contributed immensely to mankind by doing ground-breaking research. Admission into IITs opens the door of myriad career and personal opportunities. For long, IITs have been the quintessential ladder for class transition for lower & middle class Indians for a more prosperous and fulfilling life.

The IITs have an excellent track record of placements. Some of the world's largest corporations and most of the Fortune 500 companies hire IITians for various positions. IITians are favoured among many other equally qualified engineers because they have pre-assigned credibility. They prefer to hook the tag of IITs, as more than half of the country's chief executives or strategic business leaders are the products of premier technology institutes of India, IITs really do open the gate for thousands of opportunities.

About JEE

JEE is an entrance examination for admission into undergraduate degree programs at IITs. It is held in two phases; JEE Main and JEE Advanced.

It has an approximate admission ratio of 10,000:1450,000 thus making it one of the toughest engineering exams in the world. Each year roughly only 0.7 out of every 100 applications make it to IITs. In fact many students who do not get through IIT either try again or get admission in top global universities such as MIT, Harvard, Princeton and Caltech.

Typically the JEE Advanced exam is divided in two question papers of 3 hours each. Both sections measure the skills of the candidate in Physics, Chemistry and Mathematics as well the comprehensive, reasoning and analytical abilities. However, the pattern of exam can change year on year

Is JEE for you?

A simple test to know if JEE is the right step for you/your ward

Is JEE
for you ?

Ask yourself these three questions-

- ➔ Do you have the analytical abilities to perform well under pressure?
- ➔ Do you have the ability to work hard with commitment and sincerity?
- ➔ Are you ready for working diligently for a few years with a single objective in mind?

If the answers to the above three question are strongly affirmative, then in our opinion you have all that is needed to crack JEE.

Best strategy to crack JEE

Right attitude

The first step in your preparation and journey towards one of the IITs is the belief that you have it in you to realise this dream. you will not reach far if you think JEE is too tough for you and it's only the super-smarts who can crack the JEE and get into IITs.

Right mentors

There are many coaching institutes across the country who claim to be expert in JEE coaching. In such an environment, it becomes extremely important for the parents and students to identify the right mentors who can train their wards to face the exam with right mindset, attitude and confidence.

Right approach

In our experience, a very crucial issue facing JEE aspirants is the issue of exam approach, and very specifically time management. To crack an exam like JEE, it's crucial to give due importance to all the three subjects. It is also important to strike the right balance between solving new problems and revising what you have studied earlier in the year.

"The coward dies a thousand deaths, the brave but once." -Ernest Hemingway

Why Matrix?

Remarkable result growth in both JEE Main & Advanced on a consistent basis

On a percentage basis our JEE-Main & Advanced results are far superior than any other institute

Why MATRIX?

Best Faculty Teams

“Together we will make a difference”

Why Matrix?

Outstanding Faculty Team

Four key reasons why Matrix faculty is best in the country

01

UNMATCHED FACULTY QUALITY

Matrix had always been proud of its outstanding Faculty team. Starting with just 5 faculties in 2014, today Matrix has a formidable faculty team with 30+ members from IITs, NITs and other centers of excellence. All our senior faculty members have deep expertise in their respective subjects and have earned the trusts of thousands of students for their exemplary teaching skills. Though we believe that qualification is not a necessary and sufficient criteria for good teachers, we believe a healthy mix of faculties from a variety of top institutes is optimally efficient for our students.

02

TOP NOTCH EXPERIENCE OF THE ENTIRE FACULTY TEAM

All our key faculty members have been teaching exclusively for IIT JEE/ JEE Advanced /NEET for last 7-8 years at least.

Moreover, our faculty members have experience at some of the biggest institutions in the country. Their experience helps us in identifying the best practices at each of these places and use them in Matrix methodology selectively. This helps us in conceptualizing the best approach for our students.

03

APPLICATION BASED TEACHING WITH RIGHT TEACHING AIDS

We have introduced various digital aids to help our students learn even more effectively in the classrooms. Matrix faculty team uses state of the art tools such as 3D models, digital simulations, video lectures, video solutions etc. to ensure that students' learnings are maximized in an optimal manner.

04

STRONG FACULTY DEVELOPMENT PROGRAM

True to our heritage, most of our junior faculty members too are from top notch institutions such as IITs & NITs.

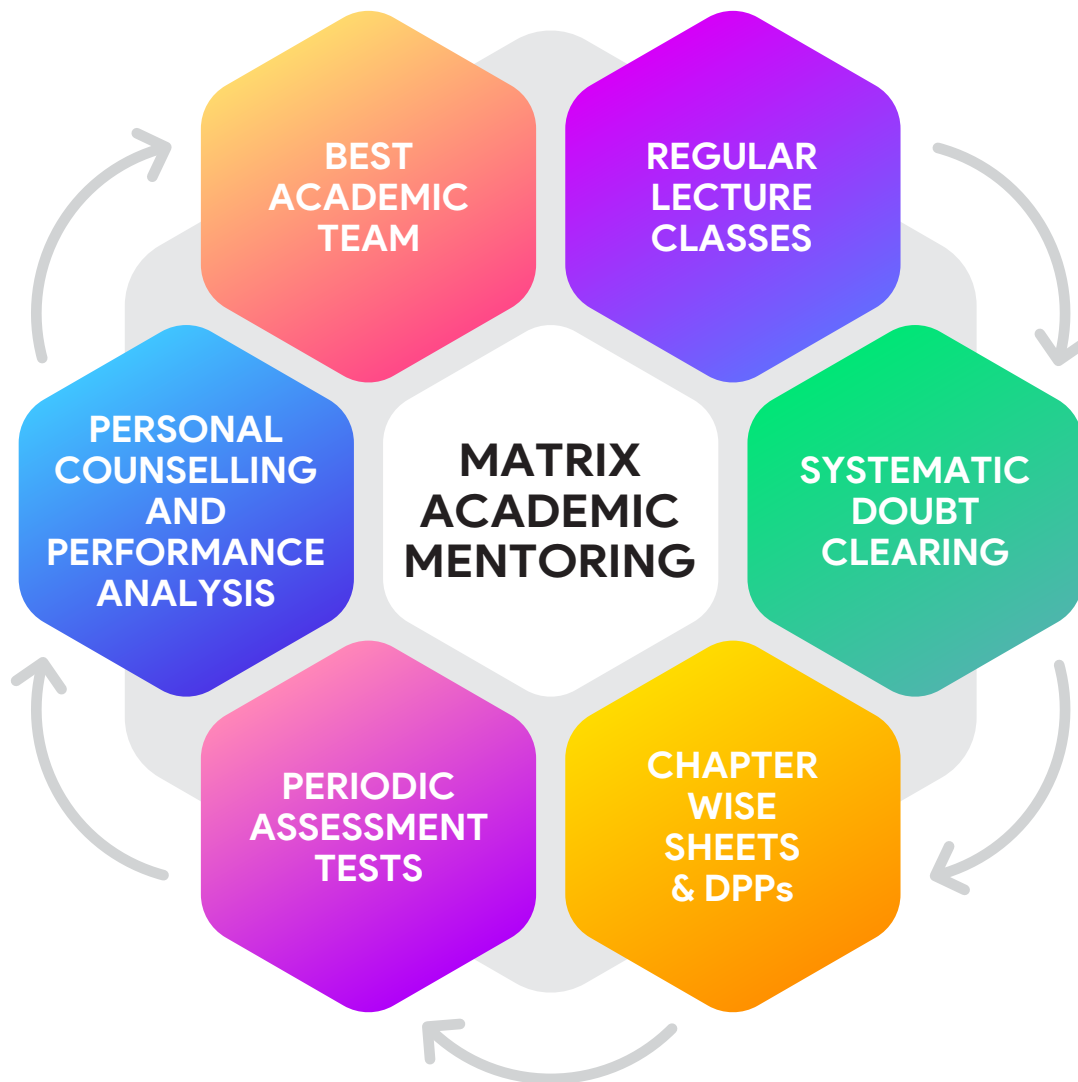

We ensure that these young minds go through a rigorous training program (complete syllabus completion, tests, demonstrations etc.) before they are given any kind of academic responsibility.

It is not uncommon for Matrix junior faculty to attend classes of senior faculty members before they themselves start teaching students. This exercise helps them observe how students learn and what are the most effective ways to remove their doubts

LECTURE CLASSES

80-120 minutes long lectures to build the foundation for NEET-UG preparation

2

REVISION CLASSES

To ensure that all important topics are thoroughly revised for optimal NEET performance

3

CONCEPT BUILDING WORKSHOPS

For tricky part of the syllabus (specially in Physics and Chemistry), these classes are organized to ensure students have utmost confidence in cracking difficult concepts

4

DOUBT CLASSES

Regularly scheduled as per the timetable to ensure students are able to solve any doubts and problems they have in a 1-on-1 setting with their teachers

5

BOARD PREPARATION CLASSES

Organized for class 12th students to ensure students do well in board exams along with NEET

Why should MATRIX be the first choice for NEET preparation for class 11/12 students?

Unmatched Faculty Quality

Matrix had always been proud of its outstanding Faculty team. Starting with just 5 faculties in 2014, today Matrix has a formidable faculty team with 200+ members from IITs, NITs and other centers of excellence. All our senior faculty members have deep expertise in their respective subjects and have earned the trusts of thousands of students for their exemplary teaching skills. Though we believe that qualification is not a necessary and sufficient criteria for good teachers, we believe a healthy mix of faculties from a variety of top institutes is optimally efficient for our students.

Specialized Focus on NEET Physics

Though NEET Physics is considerably easier than JEE Physics, it is still the most difficult part of NEET preparation for most aspirants. With a deep expertise in Physics due to most extensive experience with JEE Advanced, Matrix NEET plan is made in such a way that MATRIX NEET students would aspire to score 180/180 in Physics

Trust of MATRIX Student

When you are admitted in MATRIX for your NEET preparation, you will benefit from the same legendary MATRIX system which has produced the highest selection rate in JEE Main and Advanced in Sikar for last 7 years continuously. You will be mentored by a team that is not only most qualified but has the highest level of dedication for its students in the entire coaching field in the whole country. We believe that the trust and faith associated with MATRIX system would help you achieve your dream in the shortest possible time

Same Faculty Team for Foundation Batches as That for Repeaters And Freshers Batches!

Class 11th and 12th are the foundation years for NEET preparation. It's a myth that NEET selection should take many years. In fact, most NEET toppers get selected with class 12th itself. At MATRIX we will ensure that students take admission in 11th foundation with an aim to get a govt. MBBS seat with class 12th itself.

Outstanding Support Through Remedial Video Lectures

Many times students face problem in specific chapters/units. To help students cover these areas, MATRIX offers the award winning videos at concept level which not only help students but also save their times as they don't have to go through random lectures without chapter/concept tags.

Why should MATRIX be the first choice for NEET repeaters and freshers in Sikar?

We always believe that students must be very comfortable in coaching so there should not be requirement of additional tuition or tutor

Result Focused Study Material

There is separate R&D department who works 24*7 to ensure best quality study material for Matrix students across the country. Before publishing/printing study material goes through 3-tier research & proof-reading framework to ensure that errors are minimized. Matrix content is so comprehensive that students are not required to purchase any extra material from market except some special books suggested by faculty members.

Doubt Counters

Doubt removing desk is particularly for those students who can't ask their query in classroom and are shy in nature. These doubt counters ensure that students remove their doubt without any hesitation. This desk also helps in building strong bonding among faculties & students

Periodic Review Test Series

To maintain & develop speed & accuracy of students, concept of periodic tests is super useful for students. There are various type of tests such as Minor tests, Major tests, Cumulative tests, Unit tests, Revision tests, Surprise tests, AITS and class quizzes. The level of test series is decided to bring the maximum performance in final exam for all sort of students.

Motivational Awards at Periodic Intervals

To maintain the healthy competition & keep the students motivate, we conduct motivational awards at regular intervals. We believe that a small step of motivation could help students a long way towards achieving their dream careers.

Automated Feedback System

High level of satisfaction in our students is our guiding principle and key motto. We take the student's feedback for academic & non-academic both divisions at regular intervals. Additionally, students are free to share their feedback without any hesitation because it's an anonymous process. If students face problems in a subject or area, then remedial steps are taken to help and support them.

Remedial Classes

Remedial classes is another innovation at MATRIX to help students achieve their potential. If somehow you missed out the classes or you had not understood the concepts well then remedial classes would remove your all doubts. This class also helps you in quick revision of important & missed out chapter/topics.

Concept Strengthening Classes

Looking at the weightage & gravity of syllabus we conduct these classes for scoring high with accuracy. These classes are conducted because sometimes students find some concepts irritatingly hard.

Individual Student Counselling

Compulsory counselling sessions for students are conducted at Matrix for removing their academic as well as non-academic problems. This practice helps a lot to students as they go through the phase of home sickness and changed study methods during early days in Sikar.

Practical Classes

To fulfill the gap between theory & practical, these classes are conducted at periodic interval. These classes also help in students in board exam practicals. Many times, questions are asked with a practical orientations – if students have attended these classes, they would find those questions easy to answer.

Video Solution of all Modules and DPP Problems

Separate DPPs and modules are provided to the students for each topic & chapter. For any issue in these modules/DPPs student can easily watch their video solutions quickly and find solution to their problem. Matrix is proud of the fact that it is the only institution to provide such an extensive and systematic solutions to all its module problems in an efficient manner.

360 degree care for our students at MATRIX

Academic Care system at MATRIX (Part-3)

Uniform dress code

Dress code for all the Matrixians helps to eliminate any sociol-economic gap among students. Its also useful in ensuring proper discipline and providing safety both inside and outside the campus.

Spiritual growth with regular prayers

It is said that spiritual growth is as important for students as academic growth. We at Matrix typically start our day with soulful prayer and believe that this practice connects us with Almighty and his blessings will keep us happy & healthy all the times.

State-of-the art student & parents app

Mobile Apps have been developed for student's welfare and parents' communication. We believe that keeping a close watch is quite necessary for teenagers of today's times. The parents App keep the parents updated about their ward's attendance and test performance.

Student welfare Society

When students are away for their home, it becomes our responsibilities to be their local guardian and make them feel at their own home and with their family. Matrix welfare society works as a home away from home for our students. It also arranges doctors and counsellors which help students in overcoming their health problems and take care of their mental health while students go through their preparation.

Disciplined institute premise

Discipline is the key for success for any institute or student. Matrix system maintains separate class coordinator, floor in charge and building in charge for maintaining proper discipline in the premises. Compulsory I-Card for marking their attendance (Bio-Metric) and immediate information of absent or miss punch to the parents over one of the registered numbers ensure that parents are always up to date regarding their ward's whereabouts.

Online form filling and applications

Since we are in digital era, everything is digital now a days. Applications, form filling and fee payments – all have become digitalized at MATRIX these days.

Academic excellence scholarships

Matrix offers various scholarships for the prospective students on the grounds of merit, financial circumstances, and performance in entrance examinations. Every year, thousands of students from underprivileged background use these scholarships to realize their dreams.

Residential coaching & hostel system

One of the best residential campuses of the country, the MHS campus is a sight to behold. Single /Double and triple occupancy rooms are available with all the required /desired items. All the indoor & outdoor games are available there for exploring/expressing students at 360 level.

Integration of Coaching System with School Education

Much has been said about school education and the role of coaching. Many, in the recent past, have argued that school education should not depend upon coaching because schools are themselves responsible for the performance of the students. While it is true to some extent, the fact remains that the modern day sees healthy competition and is bound to take a toll on the students' performance. The top most institutions, including the government sector, offer placements or educational seats, only after many tests and interviews that judge a student from many perspectives. This is something that schools cannot take up on themselves as they cater to the overall improvements of the student and this involves even extra-curricular activities. Coaching helps students to give attention to specific subjects and topics that give them an edge. Hence it is very apt to say that the coaching system being integrated into the school is a welcome move and requires it to be pushed ahead for it is in the favour of students.

INTRODUCING MATRIX EDGE

Pre-foundation program for 5th to 10th students

“Simply the best gift your child can get”

“Infinite potential to change the academic learning trajectory of your child in a few years!”

Why Pre-Foundation program ?

Because if you are interested in a great academic career for your children, you need to know below facts

01

As per the experts, more than 90 out of top-100 students in JEE Advanced are usually those students who had enrolled in some kind of pre-foundation programs. Sometimes as early as class VI!

02

In India competition is increasing every year. In 2018, more than 15 lakh students enrolled for JEE Main. Out of these 15,00,000 students, only 10000 students (1 out of every 150 students) will get a seat in reputed IITs.

“It has become a reality in our country that if you want to achieve the best, you have to start early.”

WHAT IS OFFERED IN FOUNDATION PROGRAM?

The Pre-foundation program is primarily designed solely for students who are aiming to attain a high rank in the relevant competitive examinations. While a gifted student can achieve the goal of attaining a top rank in competitive examination with the help of focused preparation in only class 11th and 12th. However, for an otherwise bright but not outrightly gifted student, just 2 years preparation may not be enough to score top ranks. But same student, if supported by systematic preparation for 4 years (class 9th to 12th) can almost achieve similar level of success in competitive exam.

The primary goal of the program is focused towards providing students an effortless development from school and board exams level to competitive level of study and preparation with optimal speed. The Entire module is properly structured and extremely detail oriented by taking care of the smallest level of details and leaving no scope for uncertainty.

How Pre-foundation program is a superior option in comparison to regular school programs ?

	Regular School programs	MATRIX EDGE
Learning options	Learning is limited to textbooks prescribed by the school	Textbook are just the starting point of learning. Learning is supplemented by Matrix's own study material which is carefully designed to raise student's mental level in a stepwise manner.
Evaluation And Testing	Home study by students is limited to textbook and end of the chapter problems. Most of the questions in class tests, half yearly and annual exams are directly asked from chapter end problems and class notes.	At Matrix edge, students are continuously tested with new problems in periodic tests. This helps students become comfortable with competitive exams where new questions are asked.
Thinking process and outlook	Regular schools mostly focus on class ranking and board exam marks	Primary focus of Matrix Edge is to prepare students for competitive exams such as NTSE and IJSO along with school/board exam preparation. This preparation changes student's thinking process and makes it more aligned with the competitive outlook which helps students greatly when they face competitions.
